High School

Committed to Excellence in Learning and Teaching

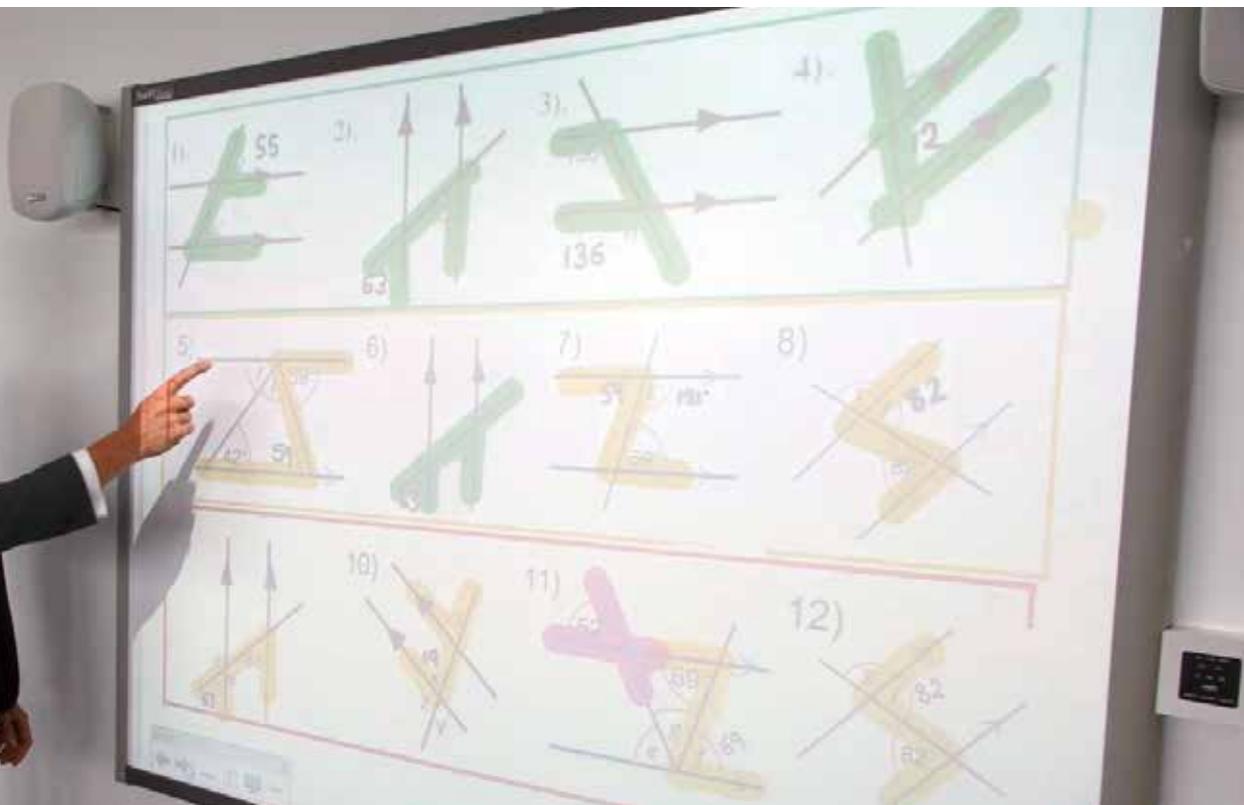

committed to excellence
in learning and teaching

Welcome to

Jubilee High

"The school
community
is welcoming
and there is a
tangible sense
of optimism."

Ofsted

Our priority as a school is to ensure our students achieve more than they thought possible. The school motto '**committed to excellence in learning and teaching**' guides our efforts in all we do. We work tirelessly to ensure our students benefit from a varied and engaging curriculum as well as an extensive range of artistic, cultural and sporting activities. Parents and students who choose Jubilee High are assured of high standards of teaching and learning in a modern, stimulating and well-equipped environment. We believe that we can make a radical difference to the life chances of our students and that we can help nurture confident, active and socially responsible young people.

We look forward to welcoming you to our school and demonstrating how, together, we can provide the best opportunities for our students.

**“Jubilee High rated ‘good’ in all four categories:
leadership and management, behaviour and
safety of pupils, quality of teaching
and achievement of pupils.”**

Ofsted

Excellence for All

“Students who are disadvantaged or who have special educational needs are improving rapidly.”

Ofsted

At Jubilee High School we have **high expectations** of our students and believe that everyone is capable of excellence. We provide a **broad and balanced curriculum** that is designed to stretch and support every student. We focus on teaching our students the skills to be **effective learners** and to encourage within them a love of learning that they will keep throughout their life. All students are expected to complete **regular homework** to extend and reinforce their learning. Parents are provided with six reports and at least one parent-and-teacher meeting a year to maintain an **on-going dialogue** about their child’s achievement and care.

Similarly, we have **high expectations of our staff** because we believe the work that takes place in the classroom is the cornerstone of Jubilee High's success. Every week we provide our staff with **training and development** to ensure our students receive the best learning experience possible. As a member of **The Bourne Education Trust** we benefit from experienced support and expertise which further develops our drive towards **high standards of achievement** throughout the whole school.

"The Headteacher is supported by strong senior leaders and skilled subject and team leaders."

Ofsted

"Leaders and other staff have an unswerving ambition to meet the needs of all students"

Ofsted

"GCSE results show that most students are making better progress than others nationally, including in English and Mathematics."

Ofsted

Leading the way

"Students make greater than average gains from their learning"
Ofsted

Our students are encouraged to be **creative** and **reflective** in their thinking and to become increasingly **independent learners** as they progress through the school. We expect all of them to aspire to leadership roles in and beyond the classroom. We attach great importance to developing student leadership and positions of responsibility within tutor, house, school council, prefect and community teams. This ensures that our students leave us as active, social and resilient young people.

committed to excellence
in learning and teaching

“Student
achievement
at Jubilee
High School
has risen
sharply.”

Ofsted

“Governors have played a key role in improving the school to create a thriving and inclusive community where all can succeed”

Ofsted

Beyond the Classroom

“Students are proud of the improvements made to the school.”

Ofsted

We are fortunate to be able to provide our students with a spacious and well-equipped environment to learn and be active. Our facilities include a purpose-built **theatre**, a **drama studio**, extensive ICT provision throughout the school and a **study centre**, as well as two **sports halls**, a **rowing suite**, **badminton**, **squash** and **all-weather outdoor courts** and extensive playing fields for rugby, football and athletics. We are proud of our increasing sporting success which sees our students regularly competing at **District and County** final levels in netball, football and badminton.

Our comprehensive enrichment programme offers all our students excellent **academic, artistic, cultural and sporting opportunities** beyond the classroom. Whether it is a day trip to support the understanding of a new topic, a lunch-time or after-school club to prepare for a sporting competition, learning a musical instrument or foreign travel to widen horizons, every student has the opportunity to participate and get involved. Jubilee High School also runs the **Duke of Edinburgh Award scheme** and many students achieve their Gold, Silver and Bronze awards.

committed to excellence
in learning and teaching

Before a student's first day in September, our transition team visit Primary schools to talk to teachers and make sure we are prepared for every student. We also spend time talking with the students and their parents during our summer induction days to discuss how we can support them at Jubilee High School.

Joining Jubilee High

On arrival, every student becomes a member of a Form group and has a Form Tutor and a Head of Year who will be there to provide academic and pastoral guidance and encouragement from the beginning. Students will see their tutor each day for registration and to have the opportunity to seek help or advice.

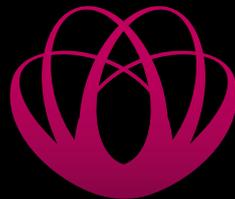

Every student also belongs to one of five houses: Spartans, Romans, Macedonians, Athenians or Persians. The House system establishes a **sense of belonging** and fosters fun, enjoyment and a **competitive spirit** amongst students and staff alike. There are many inter-house competitions and tournaments throughout the year.

Jubilee High School relatively small size allows our staff to know all our students individually and so provide focused support for them throughout their school life.
