

30th April 2021

Dear Parent,

I hope that you and your family are well and safe.

We started the week with the upsetting news of an incident on Friday's Duke of Edinburgh Award Scheme practice expedition. Can I firstly thank those parents who sent in their well wishes and thoughts for those involved, they were greatly received and appreciated. Those involved have been provided with access to a range of professional guidance to support them.

Home testing

A quick update regarding this, we will be receiving our next batch of home tests next week and will be sending them home to you through your child(ren) as usual. Thank you for keeping the regular testing programme going by ordering home tests kits online.

Year 7 Progress Evening – Wednesday 5th May 2021

Polite reminder to Year 7 parents, if you have not booked your teacher appointments for this evening yet please do so as times are being taken up very quickly.

Extra-curricular clubs

Our extra-curricular programme is back up and running for our students. To see what is on offer for your child(ren) at lunch and after school, please follow the [link](#).

Jubilee High School Facebook

We are very pleased to announce that we have launched our school Facebook once again, after the success of our Twitter page [@jubileehigh](#), we now want to use other social media platforms to show the great work of our students and school. Please follow us on [@JubileeHighSchool](#)

Bourne Education Trust (BET) update

As I wrote in last week's letter, there are exciting times ahead at Jubilee High School! Over the past week Mrs Alford, Mrs Munnik and myself have presented to school staff on how the school's will be working closer together as a staff body and the sharing of school facilities. We all know this will only improve the provision received by students across both schools and will only enhance their learning experience.

I am very excited to announce that Jubilee High School will be having a £2.5 million refurbishment programme over the next three years, both internally and externally to improve the learning environment for our students. The students in the year 11 and 9 bubble will have already started to see the beginnings of this project with their rooms being refurbished over the recent school holidays, something which will continue throughout the school before our September return. However, I would like to release our first major project which will involve our school main hall being converted into a new fully equipped Business Resource Centre.

Headteacher: Mr M Conroy

A huge investment has been put in place to give our students a learning environment for before, during and after school to enhance and support their learning. Work will hopefully start in the summer term 2 and is expected to finish before our September return. To give you an insight into what our new learning facility will look like I have given you some artistic plans below.

Stay safe

Mr M. Conroy
Headteacher
